MALAYSIA GETAWAY

We had an awesome vacation on Malaysia last November 18-20, 2016. We did some city/mall tour upon arrival, travelled to Lego land the next day and visited Kidzania on the last day. We stayed in Bukit Ceyton Kuala Lumpur, courtesy of CVCI. The hotel is very nice, clean and strategically located near store/ groceries mall/restaurant and famous city sights. The staff is also very friendly and accommodating. The rooms are spacious and complete with kitchenware and laundry provisions so we were able to cook meals and wash clothes. The toiletries thought are very minimal, so good thing we brought our personal staffs. The hotel swimming pool is also amazing; however, there are certain rooms/floors like ours which are not reachable by intercom from the pool area. But overall, the hotel as well as the service is commendable.

Thus, we would like to extend our sincerest thanks to CVCI, most especially Ms. Rowena Penano, Jaycy Medina and his sales manager for all the assistance and accommodation, which made our KL vacation possible, enjoyable and memorable! Many thanks and God bless! =)

The getaway special we've availed brought us to Thailand. We stayed at Aspen Suites and the good thing is that we got the suite all for ourselves which fits for a family. It was a brief 2-night package but we've decided to extend for another night to maximize our stay in Bangkok. Overall, it was a pleasant stay.
